## MESSAGE FROM CHIEF EXECUTIVE OFFICER

---

### **Welcome to FAME International College Malaysia!**

"Build a better life; hence a better world" is the common belief that unites everyone involved in this highly vibrant college.

The college is committed to providing excellent quality education with our dedicated staff force in achieving its mission. We believe in education beyond textbooks, syllabus and exams. Thus with FAME, students are able to experience a total learning environment which helps them to develop better awareness and more in-depth comprehension in their lives.

In FAME, we value the sense of respect. We achieve this through our quality services by treating each other just like family. We aim to be approachable, compassionate and empowering towards students and each other.

We also hold on to the belief that in order to develop successful graduates, we should not just focus on education but also guide the students to develop better attitudes, mindset and skillsets that are required in the competitive global market.

After so many years, FAME is still focused and committed to the education of Accounting, Business, Entrepreneurship, Management and Information Technology. This is simply because we know what we do best!

FAME's academic system is always committed to complying with the local quality standards which include the endorsement from Ministry of Higher Education, Malaysia and the Malaysian Qualification Agency. Besides that, we also ensure that our academic quality and certifications are recognised by various universities overseas as well as professional bodies from the United Kingdom, Australia, USA, China, etc.

Your success begins with the first step into our doors. Together, we can enrich and improve lives everywhere.

**David Chew**  
CEO  
FAME International College,  
Malaysia

# FAME

## International College, Sarawak

---

FAME International College, Sarawak (formerly known as FTMS International College) has been firmly established in Kuching, the capital of Sarawak, since 1998.

FAME is an acronym for Financial, Accountancy, Management and Entrepreneurship, four disciplines that represent the core of FAME International College

FAME focuses on professional and entrepreneurial development that ensures the successes of its students not only in their examinations and careers, but also in their daily lives.

This focused approach has resulted in producing students with distinctions at all levels.

FAME has a strong participative culture amongst its academics, staff and students, ensuring a constant exchange of information that contributes to the comfortable environment in FAME International College.

FAME's library is filled with professional books, newsletters and business magazines for the students and lecturers. The computer lab provides free internet access so students are able to do their research and assignments.

The city campus is equipped with free Wifi for students to access anywhere within the campus.

FAME College is one of the first Colleges in Kuching to provide its students with a campus app that allows students to check their timetables, register for classes, etc.

FAME believes in "Innovative Education, for a Successful Life".

**Courses We Offer**

# International English Programme

(KKP0133)

**Intake:** January, April, and September

**Duration:** 12 weeks

## Programme Objectives

This programme is designed for local and international students. This twelve weeks academic programme allows students who need to improve their English to study in a Malaysian college or university, whose professions require a mastery of the English language or who simply desire to improve their English language skills. The programme includes instruction in reading, writing, listening, speaking, as well as grammar.

## Learning Outcomes

Upon successful completion of this course, students will be able to demonstrate:

Mature, critical thinking and able to present ideas in English, using written and oral communication;

Identify the detailed information, skills and strategies for taking IELTS;

Able to handle examination interviews and test tasks;

Able to show confidence in delivering information and ideas with supporting facts and values.

## What is an International English programme?

Prepare students with English language skills for writing, reading, speaking and listening.

Prepare students to speak and write English in preparations for IELTS.

Prepare students with comprehension skills for reading and listening tasks.

Support and prepare students for better social life in future higher academic environment.

Provide grammar and vocabulary structures needed by students in pursuing higher academic achievements.

## What will I learn?

You will learn professional English language in writing, reading, listening and speaking which also prepare you for IELTS qualification. The programme has 2 levels, namely FAME International Elementary 001 and FAME International Intermediate 002.

## Programme Objectives

The objectives of the programme is to equip graduates with:

- 1) Fundamental knowledge and basic technical skills;
- 2) Operational and entrepreneurial skills to perform effectively and ethically within their specific areas of Business Studies;
- 3) The relevant skills for lifelong learning and career development.

## Course Summary

This intensive programme is for international and Malaysian students who have an unconditional offer and would like to improve their English fluency and study skills in preparation for their academic studies.

This programme is to develop skills and strategies for intermediate to learners of English - especially those preparing to take the IELTS test.

## Awarding Certificate

Each programme explores a different aspect of the listening, speaking, reading and writing skills needed for the IELTS test. Students will also be awarded a Certificate of Attendance after passed the internal assessment.

Graduates can work as auditors, tax consultants and chartered accountants.

whether you think you can  
or can't, you're right

# FAME

## Young Entrepreneurs Club (YEC)

---

Student life would not be considered complete if you do not have any extra-curricular group where you share your time and talents.

Clubs provide students with opportunities to learn in establishing friendships and developing socializing skills which may not be an option by simply concentrating on academics.

As FAME student, you will automatically become a member of FAME Young Entrepreneur Club.

The club's officers are elected each year to aim at young people who would like to learn to kick start a successful business in today's challenging economic landscape.

YEC activities involve integrating a series of real-life business related cases into the class schedule, and are centered within business topics.

Students get to interact face to face with successful company CEOs. With YEC, you will make a breakthrough in your development as a young entrepreneur or manager.

## MoneyTalk

### Flexi Payment Scheme

Flexi payment scheme is to assist students who have difficulty in cash flow; this payment scheme allows students to pay the total course fee by installments to ease the cash flow pressure on students. Please refer to FAME Course Consultants for further details. The Flexi Payment Scheme has to be applied and it is subject to approval on a case-to-case basis.

### Scholarship

Scholarships bring special financial assistance to students. There are various scholarships available from time to time according to the announcement of the college. Please refer to our Course Consultants for the latest Scholarship plans available. Application is required and is subject to approval on a case-to-case basis.

### PTPTN (Malaysian only)

The PTPTN Education Loan Scheme was set up by the government with the aim of providing education loans to students pursuing their studies in local institutions of higher learning (IPT). This loan will enable students to fully or partially pay their fees and their subsistence for the duration of their studies in FAME. Applicants will need to fulfill the course entry requirement in order to be eligible for this educational loan.

### EPF Withdrawal (Malaysian only)

This scheme allows students or parents who are qualified EPF members (Malaysia citizen) to withdraw their savings from the second account to finance either their studies or their children's studies. The purpose is to finance education fees which includes tuition fees, examination fees, registration fees and etc.

# Student Testimonials

I have learnt a lot in these two and a half years in FAME International College. I have learnt how to design a successful business plan, how to promote a new product, how to understand and meet customers' needs, how to effectively manage finances and investments and so much more. I will definitely cherish the times I had with my dear friends in college. To the current students, I wish them all the best and I hope all of you will enjoy being a FAMER like I did.

**Lai Ying Ru, Alumni Class of 2014**

FAME International College gave me lots of memories. Throughout the two and half years course, I was guided by lecturers every step of the way. I met many new friends coming from different school backgrounds and sharing those moments made me miss them now. Even now when I am in university in the UK, I still look for the lecturers in FAME to help me out. They are willing to help even though I am millions miles away. I am grateful for them and also the staff who convinced me to join FAME International College!

**Sarah Lim, Alumni Class of 2014**

I would like to say FAME is more than a college. It provides not only in terms of academic knowledge but also financial understanding, motivation, inspiration and values. I get inspired and motivated by my lecturers who always teach and guide me through real case studies and latest market trend. They are also very helpful in guiding me whenever I needed help such as providing strategic yet practical ideas to me when necessary and guiding me in my own business plans. Besides that, I have gained valuable knowledge through the high teaching quality and materials like case study assignment, class lessons and events like interview talk.

Due to its high quality, standardised and up-to-date teaching materials, I found it is easy to cope with my Degree in the UK and I have successfully obtained my Bachelor Degree with Honours! Thank you, FAME International College!

**Liew Hui Ling, Alumni Class of 2012**

I would like to take this opportunity to thank the management and lecturers of FAME. I am honoured to be one of the recipients of CAT Full Scholarship Awards that helped me to achieve my goals. I believe that FAME aims to cultivate talents before the profits to nurture the potential of deserving youths who want to develop themselves and receive quality education. I feel proud to have chosen FAME and thank you for allowing me to share a few words here and YOU for reading my testimonial.

**Stella Bong, Alumni Class of 2014**

I would say I did not make a wrong decision being a part of this unforgettable experience. My days in FAME International College have been great. As a college obviously knowledge is gain but I think the process of getting them is what made it distinct. The lecturers are being extremely helpful with my studies, I strongly think it is due to the close interaction allowed between students and teachers; questions are always answered in a nick of time, which I think is one of the things that kept me going all these while. As Secretary of the Young Entrepreneur Club (YEC), Student Council, I have learnt about the means of leadership, in which, respecting one another is a very important aspect in life. What I am trying to say really is that FAME International College played a good part of my college life which made me a better person. If you are a student who's very passionate about this kind of stuff, FAME should be one of your best solution, well it was mine, still is.

**Connie Lee, Alumni Class of 2013**
